

TPT2 7" RETROFIT INSTALL KIT

User Interfaces

cs in

Vantage's TPT2 7" Retrofit Install kit is designed to mount the TPT2 7" Touchscreens directly onto standard drywall or in an existing TPT650 install box. The kit includes a retrofit bracket, that resembles a mud ring, (2) connector clips, and screws. Rough in for the TPT2 7" should include back box or retrofit bracket support and power and communication prewire via an Ethernet POE connection. Finish options for the TPT2 7" include a snap-on bezel or finishing the wall over the retrofit bracket lip with new drywall mud to eliminate the bezel.

Product Highlights
